Notice of appointment

Montreal (Canada), November 1st, 2011. Mr. Christian Perreault, Senior Partner of Explorer Solutions is proud to announce the appointment of Mr. Alexandre-Thiery Girard as Project Manager for Explorer Solutions. “Mr. Girard’s leadership and skills will strengthen our team ability to deliver targeted services to our client. His experience in business aviation and maintenance management will complement the overall expertise of our consulting group”.

Alexandre-Thiery holds a Master’s degree in International Management from HEC Montréal. He is a passionate of innovation strategy, technological cluster creation, business development and management.

Former sales and operations forecasting Leader at Aveos Fleet Performance, and commercial and business development Analyst at Skyservice Business Aviation, he managed several key business projects, developed new financial tools to assess the profitability, and improved the budget process and Key Performance Indicators of several business units. He also has a solid experience in sales and maintenance planning, FBO management, charter operations and aircraft management solutions.

His great leadership, analytical capacities and business acumen allow him to manage and deliver in timely manner complex projects with a high standard of quality while respecting scope, time and budget. He recently joined Explorer Solutions in 2011 as Project Director.

Mr. Girard can be reached at the Canadian office of Explorer Solutions (450 441-9055), by email: alexandre.girard@explorersolutions.ca or on his cell at 514 971-2764.
